

PETRA KLEEGRAEFE

Dipl.-Ing. FH Interior Architecture

Petra Kleegraefe originally studied interior architecture in Germany before moving to London in 1998 and working for two international lighting design firms on a number of major hospitality, commercial and urban landscape projects.

After moving to Australia and working for two Sydney based lighting consultancies, Petra founded Architectural Lighting Design Pty Ltd, with the objective to maximise the potential of each project through a well designed lighting scheme.

Petra has qualifications in lighting technology from London's Southbank University; she is a Professional Member of the Professional Lighting Designers' Association; an Associate Member of the International Association of Lighting Designers (IALD); a Member of the International Dark Sky Association; and she has lectured in Lighting Technology at the University of New South Wales.

LIGHTING – THE CORNERSTONE OF INTERIOR DESIGN

SEMINAR 6

FRIDAY 3 FEBRUARY / 12.30PM – 1.30PM

Lighting is the cornerstone of interior design, creating the ambience and distinction within the four walls. Petra Kleegraefe takes us on a journey of how lighting shapes our interiors and the impact lighting can have on us. Hear practical tips and information to plan for clever lighting designs to create the perfect interiors.
